

Oh, how the holidays are upon us! It seems like only yesterday we were out picking pumpkins and drinking our fall-flavored lattes. Spooky season being behind us, we now start to celebrate in a different way...with lights and love and laughter!

Sleep tight kids' annual bag stuffing took place this past Wednesday, December 1st, at Morning Star Storage. Volunteers managed to stuff 600 bags - the goal for their party - for the little ones. Other volunteers would come later in the day to help with stuffing the bags for the older kids.

Everyone deserves to feel love throughout the year, and those in foster care are often overlooked. The holidays can especially feel overwhelming for those who are without a secure home life, which is why Sleep Tight Kids puts so much effort into their annual bag stuffing events. Sleep Tight Kids' founder, Jill Shwarzkopf, was there to help facilitate this event, with many other volunteers eagerly ready to lend a hand.

Within each bag was a cozy blanket, a book, a hygiene kit and a teddy bear.

Happy holidays to you and your family, and may we all receive the love and care we deserve this season. Cheers!
